INDEX to volume 55 SUBJECTS

Abdomen
trauma, vascular, 143 (Jan)
Acne
vulgaris, pitting and, (letter) 20 (May)
vulgaris, tretinoin therapy, 99 (Feb)
Addison's disease
coexistent with diabetes, 62 (Jun)
Adenoid cystic carcinoma: See Tumors, tracheal
Adolescents: See Pediatrics
Adrenals: See also Corticosteroids and ACTH
failure complicating corticosteroid therapy, 111 (Feb)
insufficiency complicating corticosteroid therapy, 111 (Feb), 156 (Mar)
insufficiency in Addison's disease, exacerbation following development of coexistent diabetes, 66 (Jun)
Agammaglobulinemia: See Immunology
Aging: See Geriatrics
Agranulocytosis
drug-induced, 108 (May)
Airways
obstruction by disease, 33 (Jun)
Alcoholism
psychopathic personality and, 175 (Apr)
tongue blackening and, 33 (Feb)
Allergy
reactions to insect bites, (letter) 20 (May)
shock, anaphylactic, 85 (Jan)
Alopecia totalis
in woman, 31 (Jun)
Amaurosis: See Eye
Amylase: See Macroamylasemia
Androgens
treatment of hematologic disease, 155 (May)
Anemia
androgen therapy, 155 (May)
aplastic, paroxysmal nocturnal hemoglobinuria and, (case report) 267 (May)
aplastic, supportive care in bone marrow failure, 191 (May)
Cooley's (thalassemia), 82 (May)
drug-induced, 105 (May)
hemoglobin deficiency, treatment in elderly, 41 (Jan)
hemoglobinuria, paroxysmal nocturnal, and pure red cell aplasia, 141 (May)
hemolytic autoimmune, erythrocyte antibodies in, 63 (May)
hemolytic, increased serum conjugated bilirubin in, 183 (Feb)
iron-deficiency, diagnosis and significance, 119 (May)
sickle cell, 77 (May)
Aneurysm
aortic dissecting, (abstr) 140 (Mar)
carotid-ophthalmic, with painless progressive amaurosis, (case report) 145 (Jun)
Anoxia: See Oxygen
Antibiotics
use and misuse in pediatrics, 161 (Mar)
wound care, 171 (Jan)
Antibodies: See Immunology
Anticoagulants
treatment of venous thromboembolism, 211 (Jan)
Aorta
aneurysm, diagnosis and treatment, 143 (Jan)
aneurysm, dissecting, (abstr) 140 (Mar)
Aplasia, pure red cell: See Anemia, aplastic
Arrhythmias
extrasystoles in patients receiving thiazides, 35 (Feb)
induced by electrolyte disturbances, 123 (Jun)
Arteries: See also Aorta
carotid-ophthalmic, aneurysms causing progressive amaurosis, (case report) 145 (Jun)
carotid, thrombosis, 39 (Jan)
coronary: See Heart, disease, coronary
Australia antigen: See Liver, hepatitis

Behavior modification: See Psychiatry
Beta-adrenergic blocking agents
clinical usefulness, 131 (Feb)
Bilirubin
serum conjugated, increase in hemolytic anemia, 183 (Feb)
Bites: See Insect bites, Snakebite
Bladder
fistula, vesicovaginal, following surgery and irradiation, 29 (Apr)
trauma, 183 (Jan)
Bleeding: See Hemorrhage
Blind loop syndrome
bacterial overgrowth in small bowel, 99 (Apr)
Blindness: See Eye, amaurosis
Blood
agammaglobulinemia: See Immunology
aplasia, pure red cell: See Anemia, aplastic
coagulation, intravascular, 91 (May)
coagulation time, prolonged, in vitamin K deficiency, (abstr) 179 (Mar)
disease, androgen therapy, 155 (May)
drug reactions, idiosyncratic, 105 (May)
dyscrasias: See Anemia, Hemophilia, Leukemia, Polycythemia vera, Purpura
electrolyte changes affecting electrocardiography, 123 (Jun)
electrolyte changes complicating corticosteroid therapy, 111 (Feb)
factor XIII deficiency, clot retraction and, 31 (Mar)
flow, impeded, shock and, 85 (Jan)
formation: See Bone, marrow
frozen, banking and use, (abstr) 180 (Mar)
hematology, introduction to symposium issue, 48 (May)
hemoglobin, low, in elderly, 41 (Jan)
hemoglobinopathies and thalassemias, 77 (May)
iron metabolism, 119 (May)
macroamylasemia, laboratory evaluation and clinical implications, 103 (Jun)
macroglobulinemia, Waldenström's, 179 (May)
platelet disorders, understanding and management, 50 (May)
serum lipids, diet and cardiovascular disease, 87 (Apr)
Blood pressure
high: See Hypertension
low, shock and, 33 (Jun)
Blood vessels: See also Arteries, Veins
coagulation, intravascular, 91 (May)
peripheral, disorders, emergency care, 143 (Jan)
Bone
marrow: See also Anemia, Leukemia, Polycythemia vera
marrow, disease, multiple myeloma and macroglobulinemia, 179 (May)
marrow, failure, supportive care, 191 (May)
Brain
edema complicating corticosteroid therapy, 111 (Feb)
hypertension, intracranial, causes and symptoms, 83 (Jun)
trauma, emergency care, 102 (Jan)
Burns
silver sulfadiazine therapy, (letter) 25 (Mar)
thermal, early management, 131 (Jan)

Calcium
plasma concentration, effect on electrocardiography, 123 (Jun)
Cancer
Hodgkin's disease, management, (abstr) 178 (Mar)
intestinal, iron deficiency and, 119 (May)
intestinal, malignancy in colon polyps, 101 (Mar)
leukemia, childhood, 225 (May)
leukemia complicated by hyperuricemia, 93 (Jun)
leukemia, oral bacillary Gram-negative infections related to chemotherapy, 133 (Apr)

leukemia, relation to polycythemia vera, 168 (May)
lymphoma complicated by hyperuricemia, 93 (Jun)
lymphoma, malignant, staging and classification, 201 (May)
lymphoma, malignant, therapy, 211 (May)
myeloma, multiple, treatment, 179 (May)
tumors, tracheal, 117 (Jun)
uterine, colposcopy in diagnosis, (abstr) 96 (Mar)
Candidiasis
in coexistent diabetes and Addison's disease, 67 (Jun)
Cannulation: See Veins
Cardiovascular system: See also Arteries, Blood vessels, Heart, Veins
disease, effect of serum lipids and diet, 87 (Apr)
Cephalothin
treatment of septic shock, (letter) 26 (Mar)
Cervix: See Uterus
Chest: See Thorax
Children: See Pediatrics
Cholesterol: See Blood, serum lipids
Circulatory system: See also Blood vessels, Heart
failure in traumatized patient, 75 (Jan)
Cold: See Temperature
Colon: See Intestines
Colposcopy
diagnostic value, (abstr) 96 (Mar)
Computers: See Electronics and computers in medicine
Convulsions: See Seizures
Corticosteroids and ACTH
side effects, neurologic complications, 111 (Feb)
snakebite therapy, 25 (May)
therapy, supportive, during surgery, 31 (Mar)
use and misuse, 153 (Mar)

Delivery: See Obstetrics and gynecology
Dependency
management, in hostile-dependent individual, 112 (Jun)
Depression: See Psychiatry
Diabetes mellitus
coexistent with Addison's disease, 62 (Jun)
diagnosis by glucose tolerance testing, 73 (Jun)
fistula, vesicovaginal, in diabetic following surgery and irradiation, 29 (Apr)
gestational, 55 (Jun)
glucagon levels and, 145 (Mar)
ketoacidosis with recurrent pneumomediastinum, (case report) 139 (Jun)
steroid, complicating corticosteroid therapy, 111 (Feb)
Dialysis: See also Kidney
peritoneal, in leukemia or lymphoma complicated by hyperuricemia, 98 (Jun)
Diaphragm
injuries, 121 (Jan)
Diarrhea
severe, caused by pancreatic tumors, (abstr) 94 (Mar)
Diazepam
emergency management of seizures, (letter) 25 (Apr)
Diet: See Nutrition
Digitalis
control through observation of pharmacodynamic effects, 165 (Apr)
Drugs: See also Androgens, Antibiotics, Beta-adrenergic blocking agents, Cepthalothin, Corticosteroids and ACTH, Diazepam, Digitalis, Ergotamine, Sulfadiazine, Thiazides
abuse, heroin addiction with bacterial endocarditis and generalized infection, 193 (Apr)
abuse, psychopathic personality and, 175 (Apr)
antibiotic, in wound care, 171 (Jan)
anticoagulant, in venous thromboembolism, 211 (Jan)
effect on glucose tolerance testing, 73 (Jun)
platelet disorders and, 50 (May)
reactions, hematologic idiosyncratic, 105 (May)

Education: See Medical education
Electrocardiography
abnormalities produced by electrolyte disturbances, 123 (Jun)
telemetry, instant, (letter) 27 (Feb)
Electrolytes: See Electrocardiography, abnormalities
Electronics and computers in medicine
development of new devices, relationship between engineer and physician, 247 (Jan)
telemetry, electrocardiographic, (letter) 27 (Feb)
tests, automation, new trends, 197 (Feb)
Emergency care: See also Brain, Burns, Blood vessels, Heart, Seizures, Thorax, Trauma, Urinary tract
immediate, 75 (Jan)
introduction to symposium issue, 67 (Jan)
physician and emergency health care system, 197 (Jan)
progress and problems, (editorial) 71 (Jan)
Endocarditis: See Heart, infection
Endocrine glands
disease, shock and, 85 (Jan)
Enzymes
phosphatase, alkaline, and 5′-nucleotidase, elevated, significance, 29 (Apr)
Epidermoid carcinoma: See Tumors, tracheal
Epilepsy: See Seizures
Epistaxis
management, 143 (Apr)
Ergotamine
reaction, psychotic, 39 (Jan)
Ergotism
psychosis and, (letter) 26 (Mar)
Esophagus
injuries, 115 (Jan)
Eye
amaurosis, painless progressive, from carotid ophthalmic aneurysm, 145 (Jun)
papilledema, intracranial hypertension and, 83 (Jun)

Factor XIII
clot retraction and, 31 (Mar)
Family practice: See Medical practice
Fistula
vesicovaginal, in diabetic following surgery and irradiation, 29 (Apr)
Foot
infection in elderly, 111 (Mar)
Forensic medicine
juveniles, treatment without parental consent, 237 (Jan)
malpractice liability for failure to use antivenin in snakebite, 25 (May)
malpractice suits, protective measures against, (abstr) 211 (Mar)
Frigidity: See Sex, dysfunction

Gastroenterology: See also Intestines
jaundice with increased serum conjugated bilirubin in hemolytic anemia, 183 (Feb)
Genetics
hemophilia, 129 (May)
histocompatibility testing in care of patients with bone marrow failure, 191 (May)
Genitalia: See Testes
Geriatrics
foot infection in elderly, 111 (Mar)
hemoglobin levels, low, treatment in elderly, 41 (Jan)
Maimonides, Moses, aphorisms on old age, 229 (Jan)
Glucose tolerance test
factors influencing interpretation, 73 (Jun)
Gonadotropin
human chorionic, in treatment of obesity, 41 (Jan)

Hair
loss, total, in woman, 31 (Jun)
Head
injuries, emergency care of brain damage, 102 (Jan)
twitching, uncontrollable, 33 (Mar)
Headache
mild, intracranial hypertension and, 83 (Jun)
recurrent, with carotid thrombosis, hemiparesis, and papilledema, 39 (Jan)

Heart
arrest in traumatized patient, 75 (Jan)
arrhythmia, extrasystoles associated with thiazide therapy, 35 (Feb)
disease, coronary, evaluation, (abstr) 139 (Mar)
disease, coronary, saving postinfarct heart, 187 (Mar)
disease, digitalis therapy, 165 (Apr)
disease, effect of serum lipids and diet, 87 (Apr)
disease in children, 121 (Mar)
disease, propranolol therapy, 131 (Feb)
disease, roentgenographic diagnosis, 159 (Feb), 171 (Feb)
emergencies, nontraumatic, 159 (Jan)
emergencies, traumatic, 115 (Jan)
infection, clinical aspects, 124 (Apr)
infection, endocarditis in heroin addict, 193 (Apr)
shock, cardiogenic, 85 (Jan)
surgery, psychopathologic reactions, 130 (Mar)
Heat: See Temperature
Hematology: See Blood
Hemoglobin: See Blood
Hemoglobinuria: See Urine
Hemophilia
diagnosis and treatment, 129 (May)
Hemorrhage
nasal, 143 (Apr)
severe, emergency care, 75 (Jan)
Hepatitis: See Liver
Heroin
addiction, with bacterial endocarditis and generalized infection, 193 (Apr)
Hip
disease, adult, (letter) 26 (Mar)
History taking
active listening technique, 91 (Feb)
Hodgkin's disease: See also Lymphoma, malignant
management, current, (abstr) 178 (Mar)
splenic, 39 (Jan)
Homosexuality
psychiatric approach, (abstr) 172 (Mar)
Honey
nutritive value, comparison with sugar, 31 (June)
Hormones
male, use of androgens in hematologic disease, 155 (May)
Hospitals
classification for emergency care, 197 (Jan)
Hostile-dependent personality
management, 109 (Jun)
Hyperamylasemia: See Macroamylasemia
Hypercalcemia
effect on electrocardiography, 123 (Jun)
Hyperkalemia
effect on electrocardiography, 123 (Jun)
Hypertension
complicating corticosteroid therapy, 111 (Feb)
intracranial, causes and symptoms, 83 (Jun)
propranolol therapy, 131 (Feb)
thiazide therapy, extrasystoles and, 35 (Feb)
Hyperuricemia
iatrogenic, in leukemia and lymphoma, prevention and treatment, 93 (Jun)
Hypocalcemia
effect on electrocardiography, 123 (Jun)
Hypokalemia
effect on electrocardiography, 123 (Jun)

Icterus: See Jaundice
Immunology
agammaglobulinemia associated with Australia-antigen-positive hepatitis, (case report) 263 (May)
anemia, autoimmune hemolytic, erythrocyte antibodies in, 63 (May)
antibodies, incidence of various types in coexistent Addison's disease and diabetes, 67 (Jun)
infections related to chemotherapy for leukemia, 133 (Apr)
myeloma, multiple, and macroglobulinemia, 179 (May)
platelet disorders, 50 (May)
sensitization during supportive care for bone marrow failure, 191 (May)
Impotence: See Sex, dysfunction
Infants: See Pediatrics
Infection
corticosteroid therapy and, 111 (Feb)
shock, septic, 85 (Jan)
Insect bites
allergic reactions, (letter) 20 (May)
Insulin
increased sensitivity to, after onset of Addison's disease in diabetic, 66 (Jun)
plasma levels, in early detection of diabetes, 77 (Jun)
Interpersonal relations
involving hostile-dependent individual, 109 (Jun)
Interstate Postgraduate Medical Association
introduction to special issue, 63 (Mar)
Interviews
medical, active listening technique, 91 (Feb)
Intestines
blind loop syndrome, 99 (Apr)
bypass operation for massive obesity, 65 (Apr)
cancer, iron deficiency and, 119 (May)
colon, irritable, 33 (Feb)
colon, polyps, (panel discussion) 100 (Mar)
diarrhea, severe, caused by pancreatic tumors, (abstr) 94 (Mar)
ischemia, diagnosis and treatment, 143 (Jan)
Intracranial disorders: See Brain
Iron
metabolism, tests for deficiency, 119 (May)

Jaundice
increased serum conjugated bilirubin in hemolytic anemia, 183 (Feb)
Journals: See Medical journals

Kidney
dialysis unit, role of psychiatric consultant, 121 (Feb)
nephrotic syndrome, congenital, with ambiguous genitalia, (case report) 201 (Apr)
trauma, 183 (Jan)

Laboratory medicine
glucose tolerance test, methods and interpretation, 73 (Jun)
macroamylasemia, evaluation, 103 (Jun)
tests, automation, new trends, 197 (Feb)
test values in coexistent diabetes and Addison's disease, 63 (Jun)
Law/medicine letter: See Forensic medicine
Leukemia
hyperuricemia in, 93 (Jun)
infection, Gram-negative, oral, related to immunosuppressive therapy, 133 (Mar)
lymphocytic, acute, in childhood, management, 225 (May)
polycythemia vera and, 168 (May)
Liver
hepatitis, chronic active Australia-antigen-positive, agammaglobulinemia and, (case report) 263 (May)
Lung
disease, obstructive, of airways, 33 (Jun)
injuries, 115 (Jan)
pneumonia, viral and mycoplasma, 81 (Feb)
Lymphoma
hyperuricemia in, 93 (Jun)
malignant, staging and classification, 201 (May)
malignant, therapy, 211 (May)

Macroamylasemia
types, clinical implications, 103 (Jun)
Macroglobulinemia
Waldenström's, treatment, 179 (May)
Malaria
primaquine therapy, (letter) 35 (Jan)
Malpractice: See Forensic medicine
Mediastinum
pneumomediastinum, recurrent, in diabetic ketoacidosis, (case report) 139 (Jun)
Medical education
aids to updating medical knowledge, 153 (Feb)
in human sexuality, 25 (Jun)
Medical journals
aids to updating medical knowledge, 153 (Feb)
Medical practice
and human sexuality, 25 (Jun)

family, preoperative evaluation, 227 (Mar)
private, business management, 217 (Mar)
Medical records
problem-oriented, (abstr) 212 (Mar)
Mouth
infection, Gram-negative, related to chemotherapy for leukemia, 133 (Apr)
stomatitis, aphthous, recurrent, 25 (May)
Muscles
myopathy complicating corticosteroid therapy, 112 (Feb)
Myeloma
multiple, treatment, 179 (May)
Myocardial infarction: See Heart, disease, coronary
Myocarditis: See Heart, infection

Neonate: See Pediatrics
Nervous system: See also Brain
disorders complicating corticosteroid therapy, 111 (Feb)
Nose
epistaxis, management, 143 (Apr)
5'-Nucleotidase: See Enzymes
Nutrition
diet and serum lipids, in cardiovascular disease, 87 (Apr)
honey, comparison with sugar, 31 (Jun)
obesity, massive, treatment with intestinal bypass, 65 (Apr)
obesity, treatment with behavior modification, 52 (Apr)

Obesity
behavior modification and, 52 (Apr)
massive, treatment with intestinal bypass operation, 65 (Apr)
therapy with human chorionic gonadotropin, 31 (Jan)
Obstetrics and gynecology
colposcopy, diagnostic value, (abstr) 94 (Mar)
delivery, high-risk, (abstr) 200 (Mar)
diabetes mellitus, gestational, 55 (Jun)
fistula, vesicovaginal, in diabetic following surgery and irradiation, 29 (Apr)
frigidity, (abstr) 171 (Mar)
pregnancy, high-risk, (abstr) 199 (Mar)
Operation: See Surgery
Oxygen
anoxia in traumatized patient, emergency care, 75 (Jan)

Pancreas
tumors, diarrhea and, (abstr) 94 (Mar)
Paranoia: See Psychiatry, personality disorders
Pediatrics
acne vulgaris, tretinoin therapy, 99 (Feb)
antibiotics, use and misuse, 161 (Mar)
consent for treatment of juveniles, denial for religious reasons, medicolegal dilemma, 237 (Jan)
diabetes mellitus, ketoacidosis and recurrent pneumomediastinum, 139 (Jun)
epilepsy in adolescent, 111 (Apr)
heart disease in infants and children, 121 (Mar)
leukemia, acute lymphocytic, management, 225 (May)
neonate, high-risk, immediate care, (abstr) 201 (Mar)
nephrotic syndrome with ambiguous genitalia, (case report) 201 (Apr)
spasms, infantile, (letter) 27 (Feb)
vitamin K deficiency in infants and children, (abstr) 179 (Mar)
Pericarditis: See Heart, infection
Personality disorders: See Psychiatry
Phosphatase: See Enzymes
Physician-patient relations
in managing hostile-dependent patient, 111 (Jun)
Physicians
responsibility in emergency health care system, 197 (Jan)
Platelets: See Blood
Pneumomediastinum: See Mediastinum
Pneumonia
viral and mycoplasma, 81 (Feb)
Polycythemia vera
management of polycythemia and related disease, 168 (May)
Polyps
colonic, (panel discussion) 100 (Mar)
Potassium
plasma concentration, effect on electrocardiography, 123 (Jun)
Practice: See Medical practice
Pregnancy: See Obstetrics and gynecology
Propranolol
clinical usefulness, 131 (Feb)
Psychiatry
behavior modification techniques for treatment of obesity, 52 (Apr)
consultant's role in dialysis unit, 121 (Feb)
depression, diagnosis, 69 (Mar)
depression, outpatient treatment, 77 (Mar)
depression, suicidal risk, 85 (Mar)
ergotism, psychosis and, (letter) 25 (Mar)
frigidity, (abstr) 171 (Mar)
heart surgery, psychopathologic reactions, 130 (Mar)
impotence, (abstr) 170 (Mar)
mental changes complicating corticosteroid therapy, 111 (Feb)
personality disorders, hostile-dependent individual, management, 109 (Jun)
personality disorders, paranoid individual, management, 141 (Feb)
personality disorders, psychopathic individual, management, 175 (Apr)
Purpura: See also Blood, platelet disorders
drug-induced, 111 (May)
Radiology
roentgenographic diagnosis of heart disease, 159 (Feb), 171 (Feb)
Record-keeping: See Medical records
Reference works
aids to updating medical knowledge, 153 (Feb)
Respiratory system: See also Lung
failure in traumatized patient, 75 (Jan)
Roentgen rays: See X-rays

Scrotum
diseases, treatment, (abstr) 94 (Mar)
Seizures
convulsions complicating corticosteroid therapy, 114 (Feb)
epilepsy in adolescent, 111 (Apr)
generalized status epilepticus, 71 (Feb)
infantile spasms, (letter) 27 (Feb)
management, emergency, classification and treatment, 59 (Feb)
management, emergency, with diazepam, (letter) 25 (Apr)
Serum: See Blood
Sex
dysfunction, frigidity, (abstr) 171 (Mar)
dysfunction, homosexuality, (abstr) 170 (Mar)
dysfunction, impotence, (abstr) 170 (Mar)
problems related to disease states, recognition and counseling, 25 (Jun)
Shock
blood pressure and, 33 (Jun)
diagnosis and treatment, 85 (Jan)
septic, cephalothin therapy, (letter) 26 (Mar)
Sickle cell anemia: See Anemia
Skin
acne vulgaris, pitting and, (letter) 20 (May)
acne vulgaris, tretinoin therapy, 99 (Feb)
Snakebite
rattlesnake, corticosteroid therapy, 25 (May)
Sodium
plasma concentration, effect on electrocardiography, 123 (Jun)
Spine
osteoporosis complicating corticosteroid therapy, 111 (Feb)
Spleen
Hodgkin's disease, 39 (Jan)
Status epilepticus: See Seizures
Steroids: See Corticosteroids and ACTH
Stomatitis: See Mouth
Suicide: See Psychiatry, depression
Sulfadiazine
silver, in burn therapy, 25 (Mar)
Surgery
preoperative evaluation by family physician, 227 (Mar)

Temperature
tolerance, heat and cold, relation to

body weight, 75 (Apr)
Testes
undescended, in infant with nephrotic syndrome, 201 (Apr)
Tetanus
prophylaxis in wound care, 171 (Jan)
Thalassemia: See Blood
Thiazides
in hypertension, extrasystoles as complication, 35 (Feb)
Thorax
trauma, diagnosis and care, 115 (Jan)
trauma, vascular, 143 (Jan)
Thyroid
disease, propranolol therapy, 131 (Feb)
Tic
uncontrollable head twitching, 33 (Mar)
Tongue
black, in alcoholic, 33 (Feb)
Trachea
injuries, 115 (Jan)
tumors, malignant, 117 (Jun)
Transfusion: See Blood
Trauma: See also Brain, Burns, Emergency care, Shock, Thorax, Urinary tract
emergency care and examination, 75 (Jan)
wound care, 171 (Jan)
Tuberculosis
prevention and treatment, (editorial) 135 (Jun)
Tumors
tracheal, malignant, 117 (Jun)

Uric acid: See Hyperuricemia
Urinary tract
trauma to kidney, ureter, bladder, and urethra, 183 (Jan)
Urine
hemoglobinuria, paroxysmal nocturnal, 141 (May)
hemoglobinuria, paroxysmal nocturnal, with features of aplastic anemia, (case report) 267 (May)
Uterus
cervix, colposcopy for cancer detection, (abstr) 96 (Mar)

Vagina
colposcopy, diagnostic value, (abstr) 96 (Mar)
fistula, vesicovaginal, following irradiation and surgery, 29 (Apr)
Veins
cannulation, central, clinical uses, 155 (Apr)
thromboembolism, prophylaxis and treatment, 211 (Jan)
Vitamins
K deficiency in infants and children, (abstr) 179 (Mar)
Vomiting
intracranial hypertension and, 83 (Jun)

Weight: See also Obesity
relation to heat and cold tolerance, 75 (Apr)
Wounds: See Trauma

X-rays
roentgenographic diagnosis of heart disease, 159 (Feb), 171 (Feb)

INDEX to volume 55 AUTHORS

Aita JA: Neurologic complications of corticosteroid therapy, 111 (Feb)
Albrink MJ: Serum lipids, diet, and cardiovascular disease, 86 (Apr)

INDEX to volume 56 SUBJECTS

Adolescents: See Pediatrics
Amnesia
transient global, in middle-aged woman, 219 (Nov)
Anemia
hemolytic immune, drug-induced, 193 (Nov)
Anesthesia
halothane, hepatitis and, 65 (Oct)
Angiocardiography
radionuclide, 99 (Jul)
Aorta
defects in adolescents, effects of physical stress, 53 (Nov)
Arsenic
poisoning, skin eruptions and, 31 (Nov)
Arteries
arteritis, temporal, diagnosis and complications, 133 (Sep)
arteritis, temporal, headache and, 109 (Sep)
atherosclerosis, coronary heart disease and, epidemiology, 81 (Nov)
atherosclerosis, pediatric approach, 94 (Nov)
Arthritis
salicylate therapy, hepatotoxicity and, 193 (Oct)
Aspirin
hepatotoxicity in arthritis patient, 193 (Oct)
Atherosclerosis: See Arteries

Back
lower, pain radiating to leg, diagnosis, 76 (Jul)
Beta-adrenergic blocking agents
in hypertension therapy, 68 (Oct*)
Blacks
hypertension, essential, in adolescents, 133 (Nov)
hypertension, essential, incidence, long-range study in Evans County, Georgia, 119 (Nov)
Bladder
carcinoma, squamous cell, 23 (Sep)
Blood
dyscrasias: See also Anemia
dyscrasias, headache and, 105 (Sep)
hypercalcemia with hip pain, 207 (Nov)
hyperlipidemia in atherosclerosis and coronary heart disease, 81 (Nov)
hyperlipoproteinemias in children and adolescents, 94 (Nov)
volume, control in patients on hemodialysis 51 (Oct*)
volume-dependent hypertension, 37 (Oct*)

Blood pressure: See Hypertension
Blood vessels
coagulation, disseminated intravascular, secondary to bacterial endocarditis 185 (Aug)
Bone
marrow biopsy in malignant disease, 111 (Jul)
osteitis fibrosa cystica and Paget's disease in patient with hyperparathyroidism, 207 (Nov)
Books
in clinical practice 1971-1975, selected and annotated list, 60 (Dec)
Brain
disease, headache and, 105 (Sep), 119 (Sep)
infarction with transient global amnesia, 219 (Nov)
Breast
milk, excretion of drugs in, 97 (Oct)

Calcium
hypercalcemia with hip pain, 207 (Nov)
intake, normal, in infants and children, 23 (Oct)
Cancer
bronchogenic carcinoma in heavy smoker, 156 (Oct)
cardiac, 138 (Jul)
diagnosis, bone marrow biopsy, 111 (Jul)
parotid mass, solitary, diagnosis and treatment, 119 (Jul)
sarcoma, osteogenic, following irradiation for pituitary tumor, 233 (Sep)
vesical, squamous cell carcinoma, 23 (Sep)
Children: See Pediatrics
Clinicopathologic conferences
chronic productive cough and nodular lung densities in heavy smoker, 153 (Oct)
complications of aortic valve replacement, 146 (Jul)
frontal mass following irradiation of pituitary tumor, 233 (Sep)
hypercalcemia and severe pain in left hip, 207 (Nov)
infectious process complicating renal transplantation, 109 (Dec)
nephritis-like symptoms progressing to congestive heart failure, 185 (Aug)
Contraceptives
oral, diabetes risk in girl treated for dysmenorrhea, 27 (Aug)
oral, hypertension and, 138 (Nov)

Corticosteroids and ACTH
therapy, current, updating of principles, 123 (Oct)
"Current Contents"
information service, 145 (Oct)

Diabetes mellitus
etiology, psychosocial influences, 113 (Aug)
risk associated with oral contraceptives, 27 (Aug)
Dialysis
blood pressure control in, 51 (Oct*)
Diet: See Nutrition
Diphenylhydantoin
liver necrosis and, 128 (Jul)
Diphtheria
vaccination, current status, 57 (Oct)
Diuretics
in hypertension therapy, 37 (Oct*)
Dizziness
diagnosis and treatment, 139 (Aug); (letter) 25 (Nov)
Drugs: See also Anesthesia, Aspirin, Beta-adrenergic blocking agents, Contraceptives, Diphenylhydantoin, Diuretics, Penicillin, Procainamide, Propranolol, Salicylates, Vasodilators
adrenolytic, in hypertension therapy, 76 (Oct*)
antibody response, immune hemolytic anemia, 193 (Nov)
antihypertensive, effects on cardiovascular and renal hemodynamics, 22 (Oct*)
compliance failure in children under treatment, 181 (Nov)
excretion in breast milk, 97 (Oct)

vasopressor, in treatment of vascular shock, 172 (Aug)
Dysmenorrhea: See Obstetrics and gynecology

Ear
disease, dizziness and, 139 (Aug)
hearing loss, effect on speech and language development, 151 (Aug)
Electrocardiography
electrography, intracardiac, clinical applications, 75 (Oct), 87 (Oct)
vectorcardiography, spatial, in children, 99 (Dec)
Emergency care
coronary, outside hospital, 119 (Dec)
Endocarditis: See Heart
Epilepsy
diphenylhydantoin therapy causing hepatic necrosis, 128 (Jul)
Esophagus
bleeding during adolescence, 87 (Jul)
Exercise
testing, effects of physical stress on adolescents, 53 (Nov)
Eye
pain after welding without shield, 23 (Oct)
pain with contact lenses, 25 (Jul)

Fertility
male, treatment of oligospermia, 23 (Sep)
Fume fever: See Zinc

Gastrointestinal tract
bleeding during adolescence, 87 (Jul)
Genetics
hyperlipoproteinemia, familial, 94 (Nov)
Giardiasis
in travelers, diagnosis and treatment, 134 (Oct)
Gonorrhea
diagnosis and treatment, 23 (Jul)

Halothane
hepatitis due to, 65 (Oct)
Headache
arteritis, temporal, and, 133 (Sep)
causes, intracranial, 119 (Sep)
causes, systemic, 105 (Sep); correction, 22 (Dec)
cluster, diagnosis and treatment, 169 (Sep)
emotion-induced, 191 (Sep)
history, key to diagnosis, 69 (Sep)
introduction to special issue, 54 (Sep)
mechanisms and biochemistry, 55 (Sep)
migraine, diagnosis and treatment, 169 (Sep)
sinusitis, nasal, and, 159 (Sep)
spine injury, cervical, and, 147 (Sep); (letter) 25 (Nov)
testing, sequential, in patient evaluation, 93 (Sep)
Health care
inflationary spiral and, 53 (Dec)
Hearing: See Ear
Heart
angiocardiography, radionuclide, 99 (Jul)
block, trifascicular, with myocardial infarction, 161 (Oct)
coronary care, emergency, outside hospital, 119 (Dec)
disease, childhood, quality of life of adolescent patients, 67 (Nov)
disease, congenital, operated and unoperated, in adolescents, 147 (Nov)
disease, coronary, atherosclerosis and, epidemiology, 81 (Nov)
disease in adolescents, effect of physical stress, 53 (Nov)
disease in adolescents, introduction to symposium, 52 (Nov)
disease, ischemic, procainamide therapy as cause of fever, vomiting, and liver dysfunction, 155 (Jul)
disease, rheumatic, in adolescence, 107 (Nov)
electrography: See Electrocardiography
endocarditis, bacterial, with systemic involvement, 185 (Aug)
endocarditis, fungal, following aortic valve replacement, 146 (Jul)
myocarditis, acute, with rate-dependent bifascicular block, 225 (Nov)
tumors, 138 (Jul)
vectorcardiography: See Electrocardiography
Hepatic, Hepatitis: See Liver
Hip
pain in patient with osteitis fibrosa cystica, Paget's disease, and parathyroid hyperplasia, 207 (Nov)
Hypercalcemia: See Calcium
Hyperlipidemia: See Blood
Hyperlipoproteinemia: See Blood
Hypertension
dialysis and volume control, 51 (Oct*)
essential, in adolescents, 33 (Nov)
essential, long-range study in Evans County, Georgia, 119 (Nov)
headache and, 105 (Sep)
introduction to special issue, 19 (Oct*)
relation to atherosclerosis and coronary heart disease, 85 (Nov)
renin suppression, 58 (Oct*)
therapy, adrenolytic and vasodilator, 76 (Oct*)
therapy, beta-blocking (propranolol), 68 (Oct*)
therapy, diuretic, modern concepts, 37 (Oct*)
therapy, standard approach, 20 (Oct*)

Immunology
anemia, immune hemolytic, drug-induced, 193 (Nov)
"Index Medicus"
instructions for use, 144 (Oct)
Infants: See Pediatrics
Inflation
health care and, 53 (Dec)
Information
retrieval, six essential sources, 143 (Oct)
Intensive care
neonatal, regional needs and planning, 55 (Jul); design and function of a special unit, 65 (Jul)
Intestines
bleeding during adolescence, 87 (Jul)
bypass operations in treatment of massive obesity, 124 (Aug)
giardiasis in travelers, 134 (Oct)

Kidney
glomerulonephritis secondary to bacterial endocarditis, 185 (Aug)
transplant complicated by *Aspergillus* and *Pseudomonas* infections, 109 (Dec)

Laboratory medicine
rubella in pregnancy, review of current problems, 167 (Oct)
thyroid examination, in vitro tests, 91 (Aug); in vivo tests, 101 (Aug)
urine cultures in pediatric office practice, 177 (Oct)
Language: See also Speech
debasement in medical usage, (editorial) 50 (Oct)
Leg
pain in child, 23 (Jul); (letter) 47 (Sep)
pain, radiating from lower back, diagnosis, 76 (Jul)
Leukemia
diagnosis, bone marrow biopsy, 111 (Jul)
Library of Congress
National Referral Center, 146 (Oct)
Liver
damage following bypass operations for massive obesity, 128 (Aug)
disease as cause of gastrointestinal bleeding in adolescents, 87 (Jul)
dysfunction with procainamide therapy, (case report) 155 (Jul)

hepatitis, halothane anesthesia and, 65 (Oct)
necrosis due to diphenylhydantoin, 128 (Jul)
toxicity, salicylate, in arthritis patient, 193 (Oct)
Lung
cancer, bronchogenic, in heavy smoker, 153 (Oct)
disease, tension pneumothorax and, 87 (Dec)
embolism secondary to bacterial endocarditis, 185 (Aug)
pneumonia, necrotizing, complicating kidney transplantation, 109 (Dec)

Measles
vaccination, current status, 56 (Oct)
Medical records
problem-oriented, 163 (Aug)
MEDLARS
information retrieval system, 144 (Oct)
MEDLINE
information retrieval system, 144 (Oct)
Memory: See Amnesia
Migraine: See Headache
Milk
human, drug excretion in, 97 (Oct)
Myocardial infarction: See Heart
Myocarditis: See Heart

National Referral Center: See Library of Congress
Neck
injury, spinal, headache and, 147 (Sep); (letter) 25 (Nov)
Negroes: See Blacks
Neonates: See Pediatrics
Nerves
sciatic: See Sciatica
Neurological Information Network
publications, 146 (Oct)
Nutrition
calcium intake, normal, in infants and children, 23 (Oct)
diet, children's, effect on blood lipids, 94 (Nov)
diet in prevention of atherosclerosis and coronary heart disease, 81 (Nov)
drug excretion in human milk, 97 (Oct)
infant feeding, composition of standard and special formulas, 47 (Jul)
obesity, massive, effects of surgical treatment, 124 (Aug)

Obesity
hypertension and, 119 (Nov)
massive, surgical treatment, 124 (Aug)
Obstetrics and gynecology
dysmenorrhea, diabetes risk in girl treated with oral contraceptives, 27 (Aug)
pregnancy complications with congenital heart disease, 147 (Nov)
rubella in pregnancy, review of current problems, 167 (Oct)
Oligospermia
treatment, 23 (Sep)

Pain: See Back, Eye, Hip, Leg
Paralysis
tick-bite, in six-year-old girl, 187 (Oct)
Parathyroids
hyperplasia in patient with Paget's disease and osteitis fibrosa cystica, 207 (Nov)
Parotid
mass, solitary, diagnosis and treatment, 119 (Jul)
Pediatrics
bleeding, gastrointestinal, in adolescents, 87 (Jul)
calcium intake, normal, in infants and children, 23 (Oct)
compliance failure in children under treatment, 181 (Nov)
drug excretion in breast milk, 97 (Oct)
feeding, infant, composition of standard and special formulas, 47 (Jul)
heart disease, association with hypertension, hyperlipidemia, and smoking in the young, 85 (Nov)
heart disease, congenital, operated and unoperated, in adolescents, 147 (Nov)
heart disease in adolescents, effect of physical stress, 53 (Nov)
heart disease in adolescents, introduction to symposium, 52 (Nov)
heart disease, life quality of adolescent patient, 67 (Nov)
heart disease, rheumatic, in adolescents, 107 (Nov)
hyperlipoproteinemias, familial and acquired, in children and adolescents, 94 (Nov)
hypertension, essential, in adolescents, 133 (Nov)
hypertension in adolescents, long-range study in Evans County, Georgia, 119 (Nov)
myocarditis, acute, in 16-year-old, 225 (Nov)
neonates, intensive care, regional needs and planning, 55 (Jul); design and function of a special unit, 65 (Jul)
paralysis, tick-bite, in six-year-old girl, 187 (Oct)
speech and language development, physician's role, 151 (Aug)
stress, physical, effects on adolescents with and without heart disease, 53 (Nov)
thymus, teratoma, (case report) 193 (Aug)
urine cultures in office practice, 177 (Oct)
vectorcardiography, spatial, in children, 99 (Dec)
Penicillin
antibody response, 193 (Nov)
Peptic ulcer
bleeding during adolescence, 87 (Jul)
Pertussis
vaccination, current status, 57 (Oct)
Pituitary
tumor, with postirradiation osteogenic sarcoma, 233 (Sep)
Pneumonia: See Lung
Pneumothorax
tension, roentgenographic findings, 87 (Dec)
Poisoning: See Arsenic, Salicylates, Zinc
Poliomyelitis
vaccination, current status, 55 (Oct)
Pregnancy: See Obstetrics and gynecology
Procainamide
side effects, fever, vomiting, and liver dysfunction, 155 (Jul)
Propranolol
in hypertension therapy, 68 (Oct*)
Psychiatry
amnesia, transient global, in middle-aged woman, 219 (Nov)
diabetes, psychosocial influences, 113 (Aug)
headache, emotion-induced, 191 (Sep)
life quality of adolescent cardiac patients, 67 (Nov)

Radiology
angiocardiography, radionuclide, 99 (Jul)
pneumothorax, tension, roentgenographic findings, 87 (Dec)
scanning, thyroid scintiscan in diagnosis of autonomous thyroid nodules, 56 (Aug)
thyroid tests, 101 (Aug)
Records: See Medical records
Renin
suppression in hypertension therapy, 58 (Oct*)
Respirator
management after tracheostomy, 25 (Aug)
Rheumatic fever
heart disease and, 107 (Nov)
Rubella

pregnancy and, review of current problems, 167 (Oct)
vaccination, current status, 56 (Oct)

Salicylates
poisoning, hepatotoxicity in arthritis patient, 193 (Oct)
Sarcoma: See Cancer
Scanning: See Radiology
Sciatica
causes, 111 (Oct)
Shock
vascular, vasopressor treatment, 172 (Aug)
Sinusitis
nasal, acute, headache and, 159 (Sep)
Skin
eruptions after arsenic poisoning, 31 (Nov)
Smallpox
vaccination, current status, 57 (Oct)
Smithsonian Science Information Exchange
information service, 145 (Oct)
Smoking
relation to atherosclerosis and coronary heart disease, 81 (Nov)
Speech
language development and, physician's role, 151 (Aug)
Sperm
deficiency, treatment of oligospermia, 23 (Sep)
Spine
cervical, injury as cause of headache, 147 (Sep); (letter) 25 (Nov)
disease, possible causes of low-back and leg pain, 76 (Jul)
lumbar, disk herniation as cause of sciatica, 111 (Oct)
Spleen
contraction in normal subjects, 25 (Aug)
Stomach
bleeding during adolescence, 87 (Jul)
bypass operations in treatment of massive obesity, 124 (Aug)
Streptococcal infection: See Rheumatic fever
Stress: See Exercise

Teratoma
thymic, 193, (Aug)
Tetanus
vaccination, current status, 57 (Oct)
Thymus
teratoma, 193 (Aug)
Thyroid
examination, laboratory, in vitro tests, 91 (Aug); in vivo tests, 101 (Aug)
function, serum thyroxine as index, 80 (Aug)
nodules, solitary autonomous, diagnosis and treatment, 56 (Aug)
storm, management of acute thyrotoxicosis, 56 (Aug)
Tick-bite paralysis
in six-year-old girl, 187 (Oct)
Tracheostomy
management during supported respiration, 25 (Aug)

Urine
cultures in pediatric office practice, 177 (Oct)

Vaccination
status, current, of vaccine-preventable diseases, 55 (Oct)
Vasodilators
in hypertension therapy, 76 (Oct*)
Vasopressors
treatment of vascular shock, 172 (Aug)
Vectorcardiography: See Electrocardiography
Vertigo: See Dizziness

X-rays: See Radiology

Zinc
poisoning, fume fever, 31 (Nov)
